

Press Release

MRO Europe, Amsterdam, The Netherlands, October 17th, 2018

Revima has been awarded long-term TSCP700 APU maintenance contract by major US carrier

REVIMA entered into a long-term maintenance agreement for the support of all TSCP700 APUs operated by a US carrier. Through this multi-year agreement, Revima will provide APU and LRU repair and overhaul services for its new customer's aircraft fleet. The repairs will be carried out at Revima's main facility located in Normandy, France.

"We are very proud to have been selected by this airline for extensive APU services and to be recognized as a strategic MRO partner to support their demanding operations", commented Xavier Mornand, Revima's Head of APU Services.

REVIMA has a significant repair experience and track record on the TSCP700 APU, having supported this product since 1972 for most of the world's DC-10, MD-10 and MD-11 passenger and freighter operators.
