Laurent Schneider-Maunoury appointed Group Deputy CEO

Laurent Schneider-Maunoury is appointed Group Deputy CEO of Revima effective September 18, 2023. Olivier Legrand continues in his role of President & CEO of Revima Group.

This new position comes at a time where our Group is enjoying significant activity growth in our existing Operations as well as various opportunities to expand & enhance our services.

Laurent Schneider-Maunoury has over 30 years of experience in the industrial sector, including responsibility of the entire operations (manufacturing and purchasing) of the Landing Gear Division of Safran Landing Systems and various Operations leadership roles at Safran Aircraft Engines. He recently was Senior VP of Daher's Industry Division. Laurent is a graduate Engineer from both Ecole Polytechnique and Ecole Nationale des Ponts et Chaussées.

Olivier Legrand joined Revima in 2004, running successively the APU and Landing Gear businesses and has been President & CEO of Revima Group since 2017.

As the Revima Group of companies continue to grow, meeting customer expectations & preparing for the future is essential.

Laurent will be responsible for leading Group Operations with a specific focus on delivering world class customer satisfaction & operational performance. While Olivier will continue to be leading the entire business, he will be able to devote more of his time preparing for the future, reinforcing customer & partner relations, and representing the group.
